

External Display Frames

Aluminium Locking Weather Proof Poster Frames

These ranges of lightweight and compact weatherproof poster display cases are excellent for displaying information outside retail shops or school receptions. They are easily changeable with key locks and have internal door stays to keep the door open. They are available with four different backings: A solid plastic back for mounting posters with the use of small plastic catches; A pinnable cork; A magnetic Whiteboard; and a Duo Magnetic and pinnable backing allowing magnets and pins to be used.

- The front cover is clear acrylic sheet, the frame is anodised Aluminium
- The frames can be mounted either landscape or portrait
- Designed for either internal or external use
- Single key lock in A4, A3 and A2
- Double key lock in A1 and A0

Size (mm)	Poster Backing		Price
	Code
