

Sliding Rails

This deluxe rail system offers an extremely efficient communication system in training rooms and meeting areas.

- This system has an attractive rounded Aluminium profile in white with grey synthetic components
- Moving elements of the system glide smoothly over the rail that makes for an excellent rail system
- The rail can be supplied in either single or double track. The double track makes it possible for one product to pass over another without taking it from the rail system.

Sliding Rails			
Size (mm)	Code	Price	
Double Track 2.4m all Inclusive	710002	£58.00	
Single Track 2.4m all Inclusive	710001	£46.00	
Double Track Corner Piece 90 Degrees	710012	£10.70	
Single Track Corner Piece 90 Degrees	710011	£8.40	

Rail Whiteboards

The rail whiteboards are available in a Vitreous Enamel Steel Magnetic dry wipe surface. The magnetic whiteboard is supplied with an adapter-set for mounting on to the track system. These whiteboards have an attractive rounded aluminium profile in white with grey synthetic components. The board is supplied with a white pen tray.
